

Langley Field Naturalists Presents
Exploring the Fabulous Natural World
of the Cariboo/Chilcotin!

Date: Thursday, October 15th 2026 at 7:30 pm

By: Gareth Pugh

Description: Gareth will tell us about some of the trips he and his friends have made to his favorite part of the province; following backroads to explore the lakes, wetlands and high elevation meadows of this wonderfully bio-diverse region with its great variety of flora and fauna that can be found there! These trips resulted in important data being submitted to the BC Breeding Bird Atlas, e-Bird, e-Butterfly and the Royal B.C. Museum.

**Langley Community Music School - 4899- 207 Street,
Langley, BC. Everyone is welcome!**
